

Class:
1 Starfish

Barndale Learning Plan

Term:
2024- 2025 Summer 2

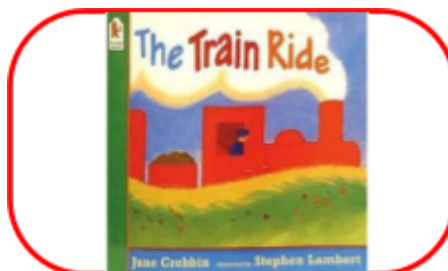

Our Class Reads

Physical Development

How do I move through different spaces?

This half-term we will focus on negotiating objects and spaces safely. We will work together to explore different equipment and spaces. Our weekly swimming lessons will be used to develop our water safety, building our water confidence and strengthening our muscles. We will also be working on our own individual targets.

Personal, Social and Emotional Development

How do I become more confident?

This term we will be focussing on Building Relationships. This half-term we will be learning to develop our self-confidence through trying new activities and sharing these with our friends. We will also be working on our own individual targets and continue to build independence in personal care and regulating our emotions.

Literacy

What marks can I make?

This half-term we will be developing our mark-making for a purpose and focus on our individual literacy targets. We will explore using different tools to make marks and how we can use those tools to make different strokes, such as linear and circular marks.

Off We Go...

Communication and Language

How do I communicate?

Communication is at the heart of everything we do in Starfish class. We will be working on building our communication skills and understanding of language through spoken words, Makaton and PECS. As well as being incorporated into everything we do, we will work on our individual targets through small group activities and 1:1 work with an adult.

Mathematics

What numbers can I make?

This half-term our numeracy work will focus on addition and subtraction. We will be working on individual targets to develop our understanding of basic mathematical principles and numeracy skills, such as matching, grouping, counting and 1:1 correspondence. We will also develop our understanding of positional language.

Expressive Arts and Design

What props can I use?

This half-term we will explore using different props. We will develop our imaginations through role-play and small world and we will explore using different props to express ourselves through dance. Our artwork will focus around different places. We will continue to enjoy a range of our favourite songs and rhymes in daily songtime.

Therapeutic Input

We will be working closely with the Speech and Language Therapist, Physiotherapist, Occupational Therapists and Multi-sensory teacher to work on our individual targets.

Understanding the World

What can I find out about vehicles?

Through our topic work on Travel and Transport, this half-term we will be focussing on the world around us. We will look at different vehicles and how they move, learn about different places we might travel to, and think about different items we might take on holiday to different places. We will also look at the seasonal effects of Summer.
