

Books to support our learning.

Communication, Language & Literacy

In literacy we will be considering the question “can I change my mind?”. We will consider some topics that are in the media right now - such as the social media ban, and learn to present our ideas. Alongside this we will partake in daily reading and work on our understanding of classifying words as nouns, adjectives or verbs.

STEM

Why are our oceans important?

This half term we will be exploring the worlds oceans. We will look at the different habitats of the ocean and research exciting creatures that live in the depths. We will identify why oceans are important e.g (food source, tourism, oxygen) and will also consider what are threats to our oceans and what we need to do to help look after them.

PSHE & RE

How can I cope positively with change?

In PSHE we will be learning about puberty and how the body changes. We will consider the pressures of looking or acting a certain way as we grow up and we will consider how we can respond to change as well move through our next stages in school. In RE, we will explore the question: **What is the best way for a Christian to show commitment to God?**

The Kingdom of Benin

Humanities

What was the Kingdom of Benin?

This half term we will explore history outside of Great Britain by looking at the Kingdom of Benin. We will learn about how this civilisation was led under the rule of the Oba, what the people of Benin believed and the consequences of trade with Europe.

Therapeutic Input

This half term we will look at our goals with adults, we will each of us will have specific therapy time input to help us work on our personal goals. This may be regulation, self-care, or communication.

Numeracy & Problem Solving

In maths we will be looking at statistics and money. We will learn how to interpret and present data in a range of graph times including bar graphs and pictograms. We will learn how to add and subtract money, as well as figure out change and use this in the community.

Computing

What can I do on a word processing program?

In computing we will learning how to effectively use google docs. We will learn how to change the size, colour and font of text on the page and how to add images.

The Arts

Can I create a map for a robot?

Alongside creating ocean artwork linked with our science topic we will be exploring creating a map for a robot. We will design, test and use our map on a simple coding floor bot. We will continue with our individual music sessions.

Physical Education

How do I play batting and fielding sports?

This half term we will explore batting and fielding. We will practice our coordination in order hit a ball and consider tactical elements of both batting and fielding.
