

Books to support our learning.

**Communication, Language & Literacy**Can I put the alphabet in order?

In daily phonics sessions, we will develop our knowledge of general sounds, spelling, writing and ability to decode and segment words in line with individual targets. Those doing literacy will be working on learning and understanding the alphabet. We will take part in daily supported reading session as well as reading Treasure Island as part of our guided reading sessions.

ScienceHow do we know if something is alive?

In Science, this half term we will be looking at Living things and their habitats. During the half term we will look at identifying, naming and classifying animals and plants in different habitats and micro habitats. We will make use of our outside areas to look for the different habitats and animals.

PSHE, Enrichment & Ways to WellbeingHow can I Be me in my world?

In our PSHE lessons, we will be looking at what it means to belong and being safe. We will think about welcoming others, keeping our classroom safe for learning and how we are valued.

**Continents and Oceans.****Humanities**What makes our world wonderful?

This half term we will be looking at and learning all about our Continents and Oceans. We will create large maps of the world, locate and label the 7 continents and 5 oceans. Alongside this we will also start to learn all about human and physical features of our world.

Therapeutic Input

Those who receive input from SaLT will continue to do so. We will have regular sensory breaks between lessons this half term and create our own individual regulation toolkits. We will also have Therapy Champion sessions every afternoon.

Numeracy & Problem SolvingPlace Value

This half term we will be looking at Place Value. We will look at reading, writing, comparing and ordering numbers. We will re-cap our number bonds to 10 and 100 and we will identify and represent numbers using objects and use pictorial representations (including a number line).

ComputingCan I use the internet safely?

This half term we are going to be learning to understand the difference between a browser and a search engine, and to practise searching for information safely.

Art and Design Technology.Can I use natural materials to create art?

This half term our work is taking place around the natural world. We will utilise our outside areas to create natural pieces of art work while also learning all about colour matching in Lesson 3. This topic links nicely with science this term and we will incorporate the 2 lessons were possible.

Physical EducationHow can we control moving a ball safely?

This half term we will be looking at the fundamentals of ball skills. Specifically rolling, throwing, catching and bouncing balls. We will do our best to all of these things with as much accuracy and confidence as we can.
