**Books to support our learning**

## Literacy

What is better: the film or the book?

Students will continue to access their phonics and literacy in their allocated groups. Students will look at a range of texts to support their learning in their groups. We will explore the differences between film and books and make comparisons between them. We will use this to support us to develop our writing skills.

## Numeracy

How can we write order and compare numbers?

In numeracy, we will continue to build our calculation skills focusing on a place value. We will be using concrete, pictoral and abstract methods. We will then use our knowledge to solve problems. In our learning, we will use TTRockStars and Numbots online to support our learning.

## Science

How do we group and classify living things?

This half term we will learn to group and classify living things through identifying similarities and differences. We will then create classification keys to organize a range of living things while looking at the impact of environmental factors.

## Humanities

Is change in our local settlement a good thing?

This half term we will be heading back in time to find out how the towns and cities of the UK first developed. We will learn about the needs and requirements early settlers had when choosing a place to build a home. We will look at place names around the UK to see how the Anglo-Saxons, Romans and Vikings all left their mark. Through use of digital and paper maps, we will investigate land use in different sized settlements and the ways in which settlements are linked together.

## Computing

Can online information be managed effectively?

This half term we will be learning how to spot reliable information, search effectively, understanding online advertising, managing technological use and screen time.

## RE

What is the best way for Jews to live a good life?

For RE we will be exploring how the Jews follow the Jewish religion to lead a good life. We will focus on agreements, trust and marriage. We will then focus on how these things make for a better life and world. Through reflection we will then analyse our own decisions and how we can use these to make a good life.

## PE

How can I use agility and coordination to dodge and evade?

## Art & Design Technology

How can water be represented in art?

This half term, the focus will be presenting art through a variety of different art mediums. We will be using watercolours, paints, charcoals, collages and photography to show water in a range of ways. We focus on the different effects each of these mediums can have and how they can be best used to create artwork.
